Monthly fee single-user licence (as above, but monthly license period):

Monthly 15% of annual licence fee, i.e. approx. 175% of prices on annual basis.

Floating Licence (including the possibility of terminal server installation):

150% of the corresponding workstation licence plus onetime 1,750.00 Euro for the setup of the floating licence server.

The software can be installed on an unlimited number of workstations within the own company. The number of licences restricts only the number of users who can start and run CostFact simultaneously.

Support and Service (mandatory):

The Support and Service Agreement includes user support in software handling (phone, email, TeamViewer), free updates and an escrow/supersede agreement. It is charged with 35% of the license fee on annual basis (single-user or floating licence).

Status as of December 2020. The prices of this price list are valid until a new price list is published. All prices quoted are subject to VAT.
