

Cost Management in Superyacht Building

Estimating, Planning and Controlling Product Costs

From 3rd to 6th December 2019 in Genova, Viareggio, Napoli and Ancona

Topic

Cost Management starts with the proposal and bidding process. Superyacht projects have high requirements and specific demands on cost estimation and cost planning.

Event

The information event “Cost Management in Superyacht Building” will offer the opportunity to learn about suitable costing methods. A focus is on the software “CostFact”. This system supports cost planning from early design stages on and combines several advanced methods.

CostFact Background

CostFact was developed particularly for the maritime sector and in close cooperation with some of the leading shipyards, which means that a number of best-practice methods have been incorporated into the system. Several European Superyacht Builders rely on CostFact and use it as their central tool for cost estimation and cost planning.

Event Locations and Registration

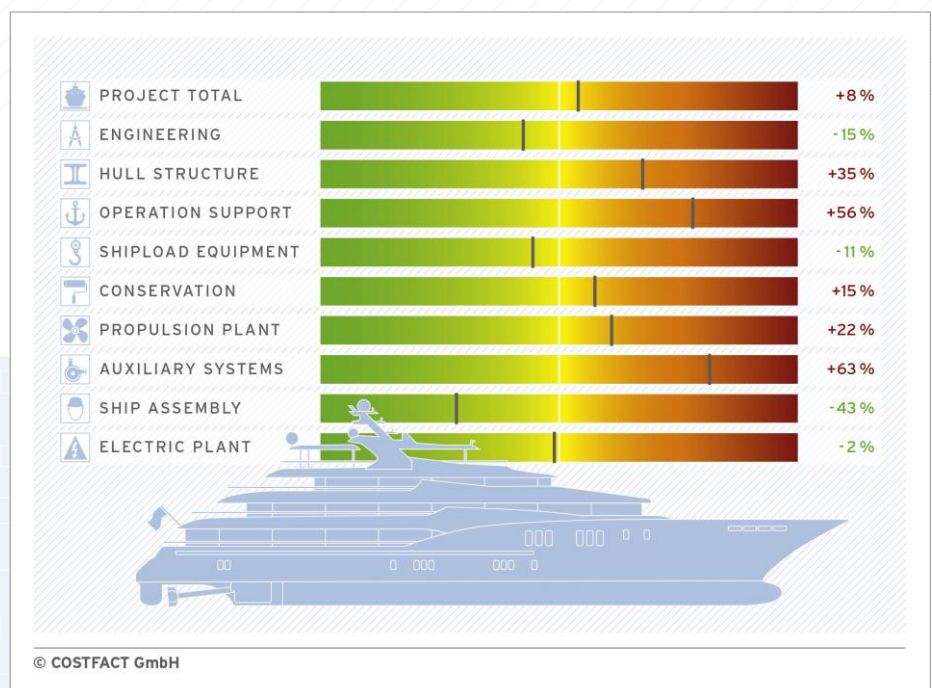

The events take place from 3rd to 6th December 2019 in Genova, Viareggio, Napoli and Ancona (see overleaf) from 9.30 to 13.00. Detailed venues will be emailed to registrants. The attendance requires registration by 15th Nov. 2019.
